

Connecting to Faculty and Student File Servers on OS X

Requirements:

- Must be Connected UAWiFi or plugged into Ethernet OR Connected to UAPublic using VPN
 - VPN can be accessed at <http://vpn.arizona.edu> – use your NetID and NetID password

Connecting and configuring printers

1. From the Finder (click anywhere on the desktop) click **Go** at the top
2. In Server Address: type in **smb://cala-student.catnet.arizona.edu**
3. Click the + icon
4. Click **Connect**
5. When prompted enter your username and password:
 - Username: **Catnet\YourNetID**
 - Password: **Your NetID password**
 - **Check remember my username and password** if you wish not to be prompted in the future
6. Click on **CourseFiles** or **StudentExchange** depending on which share you want to access
7. Repeat for **smb://cala-admin.catnet.arizona.edu**
8. Select the share that is applicable to your role
