**MASTER OF SCIENCE IN URBAN PLANNING**

The two-year Master of Science in Urban Planning prepares you for a meaningful career where you’ll shape a more resilience future for cities and communities, locally and across the globe.

The MS Urban Planning from the University of Arizona is fully accredited through the Planning Accreditation Board (PAB).

At CAPLA, we’re pushing urban planning education, research and practice in new and exciting directions—and students from diverse backgrounds are at the heart of our award-winning and engaging work.

As an urban planning student, you’ll learn:

- Urban and regional planning theory and practice
- Site planning and creative plan-making
- Land use planning analysis and law
- Public participation and dispute resolution
- Professional written and graphic communication
- Data-driven analytical methods, including geographic information systems (GIS)
- Planning for real estate and urban development, urban transportation systems and the environment
- Health and the built environment
- Planning for equity, diversity and social justice

With the MS Urban Planning, you’ll graduate ready to thrive in a profession of increasing importance in the face of climate change, growing urban populations and challenges to social equity.
